**NAME: PROFESSOR JULIA  
HUXBURY**

LIFE POINTS	31
DRAMA POINTS	3

**DESCRIPTION:**

At 32 you are one of the youngest people to ever be offered a Professorship at the University College London's history department. But that's what has just happened and why you're on your way to New London.

Despite your best attempts to hide the fact, you are actually very good looking. Luckily however you generally manage to get rid of would be suitors by talking to them about your latest research.

You're also very excited about being able to look up Ms. Denise Germaine, a noted Occultist. While others may snigger at your interest in the Dark Arts and the occult you know that this is as valid a course of research as any other. Obviously you are keeping this interest from your new employers, even though much knowledge was lost in the floods New London is still the best place to look into and learn about the occult. You are also greatly anticipating meeting up with a Mr Cyrus Casetti, a slightly mysterious gentleman, but one who seems to have a number of contacts of great worth for your research.
