

# THE 18:25 TO NEW LONDON CHARACTER SHEET

**NAME: SIR FRANKLIN CLARKE**

LIFE POINTS	43
DRAMA POINTS	3

**DESCRIPTION:**

Despite your far from modest holdings you are most well known as the person who dives into sunken cities to recover the treasures and artefacts lost in the floods. You've managed to make some amazing finds and at 29 have made quite a name for yourself.

You have a slightly weathered air that you feel adds to your rakish charm. You have sandy blonde hair and blue eyes. While you may not be winning any beauty contests, your tall tales and obvious charm more than make up for it.

None of this would be possible with out the very generous assistance you receive from Hector Harrion. Despite this assistance however you have managed to get yourself into a touch of bother, retrieving some items that weren't "technically" meant to be retrieved. You've found a rather unsavoury buyer who has insisted on doing business on the New London Flyer. So here you are, meeting this Mr. Casetti and hopefully getting this box of unusual items off your hands.
